

Quality Policy Statement

It is the policy of Haz Environmental to maintain a Quality Control and Assurance System which conforms to the International Quality Management Systems Standard ISO 9001 that can be audited to an internationally recognised standard.

The scope of the Quality Management System encompasses all of our business activities and services, this includes the physical boundaries of the premises and facilities we operate.

The Company is committed to Total Customer Satisfaction and will set, measure, action and review Quality Objectives to continually improve the effectiveness of the Quality Management System.

The Company is committed to supplying services in a manner, which meets the contractual and applicable requirements that are delivered on time and with the ultimate aim of supplying a defect free service.

We commit to understanding the context of our organization in relation to external and internal issues and interested parties.

The Company's commitment to Quality Management is communicated to all levels of the organisation and recognises the importance of each employee's personal input and training to achieve a Quality Waste Management Service.

The Quality Policy, Manual, and Procedures are subject to review for continuing suitability. The Company's processes and work environment will be subject to review in accordance with current Health and Safety, COSHH, Environmental Regulations so that services are provided in accordance with customer and applicable regulatory and statutory requirements.

Haz Environmental recognises that the success of the Quality Programme is vital to ensure the future prosperity of the Company and its employees.
